

TOOLS FOR TRANSMUTATION

For centuries, alchemists on Earth sought to turn base metals into gold. Today, on a higher level, you can transmute the lead of negative energy into the gold of Divine energy through the use of the Violet Flame. With the Violet Flame, you can activate the alchemy of your own self-transformation, a daily requisite for the Cosmic Path of Initiations initiate.

It cannot be emphasized enough how crucial the use of the Violet Flame is to the successful transmutation of your karma. The entire Cosmic Path of Initiations is designed to help you to attain ascension by overcoming the gravity of your karmic debt. The Violet Flame is probably the most important tool available to humanity at this time for this particular purpose. You cannot ascend unless you transmute at least 51% of your karma. This system is designed to assist you in doing so, thereby erasing the necessity to return to the Wheel of Karma lifetime after lifetime.

The Violet Flame emanates from the Violet Ray overseen by Ascended Master St. Germaine. It was released to the Earth plane in the last century to help mankind with the self-realization process that leads to ascension. Created out of fire, the Violet Flame works by raising the vibration of the cells of the body where negative energies are stored. Spiritual energy in the body is thereby allowed to flow more freely, enabling healing and expansion. The Violet Flame carries the qualities of mercy, forgiveness, freedom and transmutation, energies that can help you in all areas of your life. It can heal emotional and physical problems, improve your relationships and help you to grow spiritually. It can calm your mind, allay your fears, erase bad karma and turn hatred into Love. Old hurts and painful memories can be healed and dissolved. It is a blessed gift and an indispensable tool that everyone can benefit from.

HOW IT WORKS

Find a quiet place where you will not be disturbed and sit with your spine erect, legs and arms uncrossed, with your feet flat on the floor. Gently rest your hands in your lap, palms facing upwards. Take three deep breaths and relax. Center yourself and focus on the energies of your heart. You may imagine your light body sitting within the Violet Flame, its flames encompassing your entire energetic system. It is then invoked by your decreeing, aloud or internally, the following:

DECREE

I AM a being of violet fire
I AM the purity God desires.

Repeat this three times. You can increase this to 36, 72 or 144 repetitions, in multiples of threes (the number of manifestation). Repeating the decree strengthens its power and draws down more Light. You can add your own prayers and meditations to assist others if you wish. And you may call in the Violet Flame for another at any time.

Once the Violet Flame encompasses your energy field, you may visualize the Prema Agni® symbol or a golden white Light at the top of the Violet Flame. The Prema Agni represents the Fire of Divine Love, and adds further purification, Light and Love to the transmutation process.

The following decrees may be memorized and utilized also -

I AM the Violet Flame

I AM the Violet Flame
In action in me now
I AM the Violet Flame
To Light alone I bow
I AM the Violet Flame
In mighty cosmic power
I AM the light of God
Shining every hour
I AM THE Violet Flame
Blazing like a sun
I AM God's Sacred Power
Freeing every one

As you give this decree, visualize the dazzling white light from your I AM Presence, the Presence of God above you, forming an impenetrable wall of Light around you.

Tube of Light Invocation

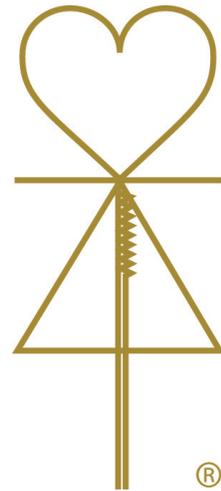

Beloved I AM Presence bright
Round me seal your tube of Light
From Ascended Master Flame
Called forth now in God's own name.
Let it set my temple free
From all discord sent to me.

I AM calling forth Violet Fire
To blaze and transmute all desire
Keeping on in Freedom's name
Till I AM one with the Violet Flame.

PREMA AGNI

Fire of Divine Love

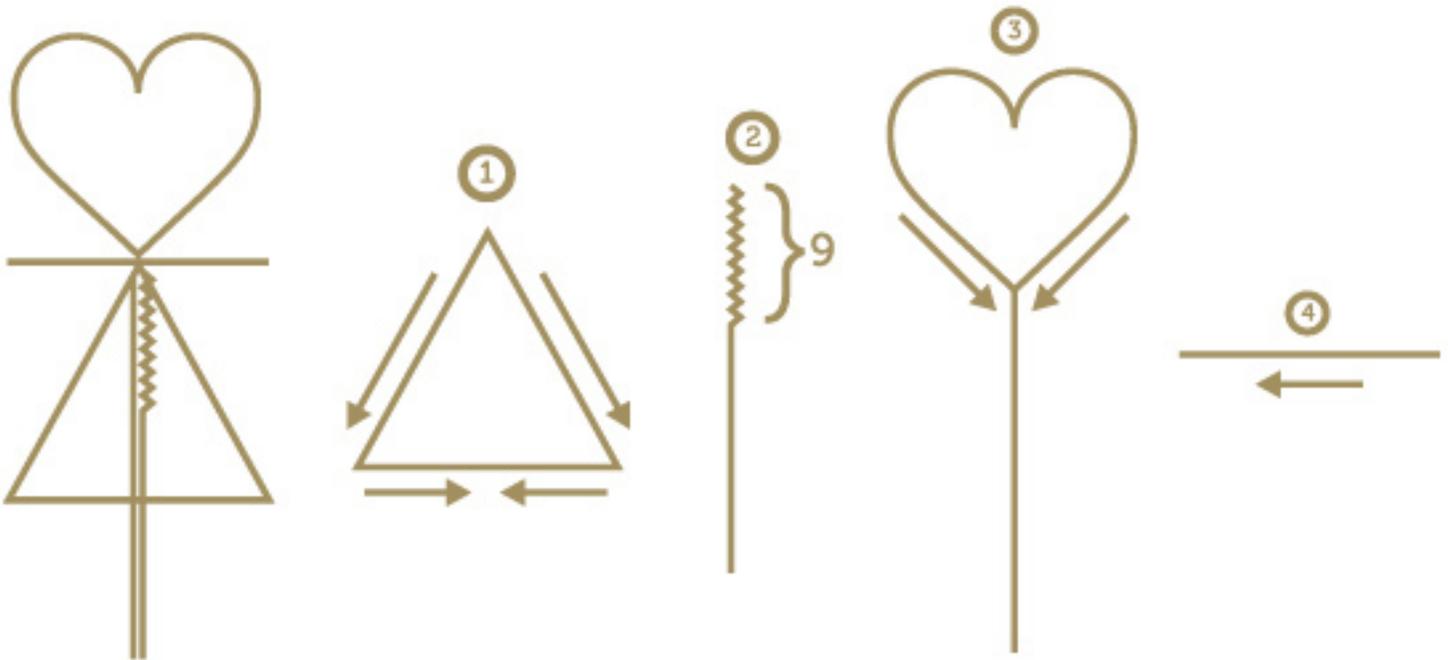

This precious symbol comes directly to us from the Masters, and opens the heart for Love to flow IN and OUT. It can be drawn on anyone, by anyone. On receiving this symbol, you pledge to donate \$7 to a good cause, but not to the person who draws it for you.

To draw this symbol:

Ask the receiver to stand with their back to you. Make sure it is okay to draw this symbol on the person by asking your Higher Guidance. If you hear silence, it is safe to draw the symbol on the person. You then draw Prema Agni over the heart chakra on their back and down the spine as shown below. After you have drawn the symbol, place your right hand over the heart chakra on the person's back and your left hand on their left shoulder. Then repeat to yourself three times, "Prema Agni, Prema Agni, Prema Agni."

It is important that on step two, you draw 9 points, not 8 or 10.

There are many ways for you to interact with and use this healing symbol. Watch a short animated video of the Prema Agni being used as an arrow by going to www.SQ-Wellness.com and click on [VIEW INTRO](#) at the top.

HOW THE PREMA AGNI SYMBOL WORKS ITS MAGIC

Step 1: The drawing of the Triangle opens a sacred gateway or portal into your being.*

Step 2: The zigzag line with nine points may feel like a laser beam, a lightning bolt cutting out anything that doesn't serve you now and pulling it down to the fires of the Kundalini to be transformed into Light.

Step 3: The Drawing of the Heart is able to pass through the armoring of the upper back because it is so unexpected that your defenses may be suspended and you may experience a freedom, or powerful release. For some, this feels like angel wings unfurling.

Step 4: The base of the Heart meets the tip of the Triangle and a line or stem of the Heart is drawn into the Triangle pulling the Heart with it. Because of the small aperture at the tip of the Triangle and the speed at which the line is being drawn the fullness of the Heart "pops" into the center and a radiant combination of Divinity and Love vibrates out into your whole system.

Step 5: The Horizontal Line drawn from the right moves across the back intersecting the tip of the Triangle on its journey to your left side. As the line finishes, a remarkable thing may happen. This seemingly one dimensional line may suddenly arch into the middle of your body at precisely the center point where the Line met the Triangle earlier. The feel of

this new Line may be like an arrow and the power behind it like the bow of a large ice cutter ship (this boat may cut through anything - darkness, hesitation, etc.) Incredibly, almost simultaneously the Triangle tips from a vertical position to a horizontal one, pulled into position by the ice cutter and explodes Divine Love through and out your heart center. Here is where many experience pure Bliss.

**As the Triangle is drawn many people lose a sense of physical denseness, and become aware only of the Triangle as a remarkable entranceway. It may feel like a timeless oneness with a feeling of tremendous Love, wonder and beauty. A wonder of miracle proportion and a recognition or memory of every dimension in which our souls exist. And this is why the zigzag can be so effective because all we are is Light, so any tool that moves to clear debris is met with no resistance.*
